

How to claim your AHA Electronic Card (Ecard)

To Claim your e-Card:

1. After class, you will receive an email inviting you to claim your e-card. The email will be from no-eccreply@heart.org
2. If you don't see the email, please check your clutter/junk/spam folders
3. From the AHA email, click on a hyperlink to view the e-Card. The hyperlink will direct you to the Student Profile webpage.
4. On the Student Profile page, confirm or edit your contact information; set up a security question and answer that will be used to access your e-Card profile in the future; and agree to the AHA's standard Terms of Use.

You will be asked to complete a brief six-question survey about your class experience. Once the student survey is complete, you will see your individual e-Card.

Once you have claimed your e-card, please go to the link below to retrieve your e-card

<https://ecards.heart.org/>

Per the AHA Policy, you are considered a current provider only after you claim your e-Card.
